La Mairena

Apartment

Community: 4,860 EUR / year

This is one of the very best penthouse apartments that we have seen in this complex for a longtime. Positioned in the best block just right for amazing panoramic sea views and sun almost all day long. This larger than average property has three terraces with lots of outdoor space available. This duplex penthouse has 1 high ceiling in the main bedroom, luxury fittings throughout with an attractive kitchen and glass curtains that have been added more recently to enhance the apartment. This luxury gated complex with an array of swimming pools, extensive gardens and great facilities on hand like tennis, a gym and a nine hole par 3 golf course. This is a must see property.
