Large rustic plot with a ruined house of approximately 225 meters (which could perhaps be rebuilt). Community water and electricity at the entrance of the farm. It has a lot of land with several plateaus, flat areas, wooded area, ravine, beautiful unobstructed views of the mountains and Fuengirola. 10 minutes by car from Fuengirola and La Cala de Mijas. Land lane to access the farm very short, only 130 meters. It is ideal to have a large farm with views, in a very beautiful and quiet area.
