Fantastic investment opportunity in a very exclusive area of Marbella! The house needs complete renovation but offers so many possibilities. Maybe add another level and get some sea views, build a pool and make another apartment below the house? In this fashionable area of east Marbella lives Antonio Banderas and not far from the house is Cabane Beach club all inspired by Dolche Cabana. The best beaches in Marbella is less than 100 meter away from the house and offers many chiringuitos near by. Theis gated area is has 24 security and a nice tennis and padelclub and the fashionabel 5 star hotel Los Monteros Resort.
